Cincinnati, OH (Vocus/PRWEB) March 02, 2011 -- Join us this summer for the launch of ABC Television's exciting new reality series profiling the biggest karaoke competition in America, Karaoke World Championships USA. ABC will bring you the amazing story of a competition that draws thousands of the most talented singers together in the ultimate sing-off. It's a battle of performances that will crown a new king and queen of karaoke.

ABC is searching for karaoke gold. Does your talent rival Taylor Swift, Kelly Clarkson, or Clay Aiken? To begin the journey, singers have to qualify at local competitions. We're still signing up to host these qualifying events. The best singers will advance to state and regional competitions. ABC will tape the four regional competitions in June to be broadcast at the beginning of August through early September. The top competitors will advance to the national level with the possibility of a live broadcast of the finals from Las Vegas or Hollywood.

KWCUSA is part of the Karaoke World Championships of Finland and is the exclusive USA partner to KWC. More than 20 countries participate each year.

The United States has 15 million singers strong with tens of thousands of venues across the country. But only the best of the best will make it to the top of this year's Karaoke World Championships USA. Join the karaoke revolution and sign up to showcase your talent. Wendell Payne, President of KWCUSA, says, "The excitement we have for this opportunity and the opportunity this provides to singers and karaoke at so many levels overwhelms me. No one can begin to understand what this means to me personally. I have wanted to have a competition since the mid-90s that meant something to singers, which gave them a real opportunity. More than the opportunities that existed then. In 2007 found the KWC and started KWCUSA. Now this new ABC show will give the singers and karaoke opportunities like never before. I am so thrilled and look forward to making this show the best show ever on television."

Venues and Karaoke hosts (KJs) provide the starting point for singers to qualify for this chance to be part of the new ABC reality series. Across the country venues and KJs sign up to host the competitions and hold local qualifying rounds. There are limited opportunities to qualify as a state hosts. All state championship venues must have the ability to handle up to 60 singers over a 2 day event. House of Blues will host regional events in each respective region. Dates and House of Blue locations will be announced shortly.

Time is limited. All local qualifications must be completed based on final schedule of regional events. State championships for all fifty states will be completed prior to each regional championship. Regional championships begin the taping of the new reality series.
